

1. Vision Statement:

Champions provides a place for users to come together and vote on their favorite champions league club from the biggest rivalries in Europe to determine which club is the fan favorite.

2. Architecture:

3. User Guide:

Main screen

Champions League, a place for champions to meet.

Champions Madrid Juve Barca Inter ZoomTime Map

Hello Champions League

Welcome to the champions league!

Buttons at the top allow for easy switching between the main screens.

Like Feature:

Hello Madrid fans

Real madrid are the current team with the most champion league wins.

likes = 0; Like

Liking allows for users to vote and choose the best team. A like button is on every screen and the results are tallied up and displayed to show who is the best club.

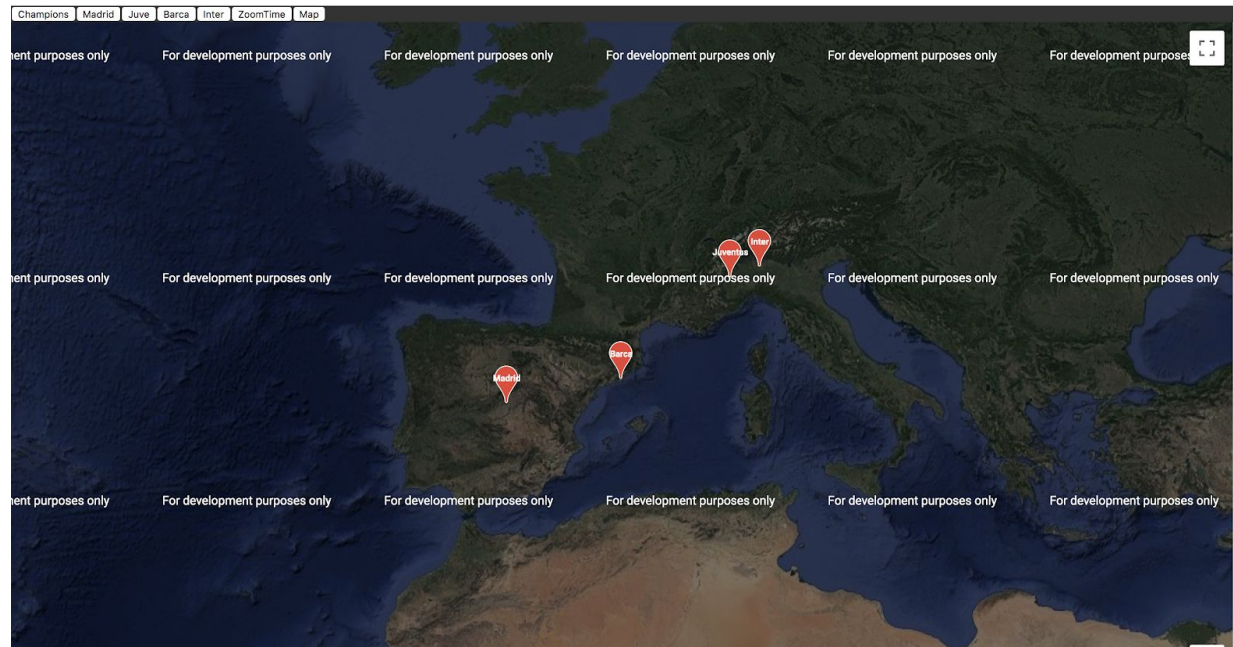

Zoom:

Champions Madrid Juve Barca Inter ZoomTime Map

Since we are all quarantined the zoomtime tab allows for the clubs to zoom with each other and see who is all there.

Map:

The map page allows for the user to see where each club's home is and understand the rivalries that have come about.
